Our Mission: To provide transformative services to people in need as they improve their quality of life. The core way we do that is offering supportive temporary housing while clients transition into permanent living situations.

## Spotlight on Success: Sue

**Sue was the first applicant to be interviewed and accepted to the Bayside program when it opened in April 2016. On December 1st, she moved into her own apartment.**

The day Sue moved in to her room at Bayside, she looked around and burst into tears: "I feel like a princess."

Thanks to Sue's case management by her referring organization, she was already on a number of housing waitlists. While at Bayside, she received help with setting appointments, scheduling transportation, straightening out her finances, and more. When she was called up on the waitlist, she was guided through the complicated application and documentation requirements, and received help moving and securing items needed for her new home. The photo above shows her standing in front of her new front door.

Sue called a few days after moving to check in and to say thank you for her time at Bayside: "I couldn't have done it without you."

## 2016 By the Numbers

Current Guest Count	13
Total Guests Served	24

<b>Total Bednights</b>	
BHS Only	2198
Mission Rate	88
<b>TOTAL</b>	<b>2286</b>
